EXPERIENCE__

UI/UX DESIGNER - Ontario Ministry of Labour
January - April 2021

Generated numerous iterations and designs for various features of a case-worker's web interface. Led researches, surveys and user interviews to develop user journey maps. Designed and produced high-fidelity prototypes for a client-facing Employment Ontario web portal.

PRODUCT DESIGNER & FULL STACK DEV - KAIJU Arcades
January - April 2021

Developed and designed a functional website for an arcade reviewing platform similar to Yelp. Utilized existing API's , RESTful routing and implemented CRUD functionalities using Node, Express, and MongoDB. Implemented user authentication and authorization using Passport.js and Helmet.js.

PRODUCT DESIGNER - Hyivy Health Inc.
May - August 2020

Established a vibrant brand identity, designed logo and built brand style guideline. Conducted user interviews and testing. Analyzed user feedback results to determine product goals. Designed a mobile app, website and 3D device prototype.

CO-FOUNDER + DESIGNER - Meraki District Clothing
November 2016 - March 2019

Designed popular merchandises and promotional materials for Meraki District, making over 400 sales. Communicated with suppliers and customers and developed long-lasting personal relationships.

COMMUNITY__

WEB DESIGNER & DEV - UW/UX
Oct 2020 - Present

Growing and guiding UW's design community by organizing events, workshops, and designathons. Working alongside other designers to generate iterations of designs for a club website.

EDUCATION__

University of Waterloo - Graduating 2024
Candidate of Bachelor of applied science - Mechatronics Engineering
